

Moises Acosta

Ambassador

Moses joined Dare2B in 2012 as a seasonal volunteer assisting with the annual holiday events. Soon after Moses became more involved as the dedicated photographer/videographer of other Dare2B events. His ability to capture special moments with Dare2B kids has been instrumental to the organizations growth. Thanks to his work the Dare2B team has created communication pieces that have successfully recruited new sponsors and volunteers.

In 2014, Moses increased his participation by collaborating in piloting new programs and recruiting volunteer photographers, videographers and DJ's for the expansion of existing initiatives. Thanks to his support Dare2B managed to seamlessly host events throughout New York City during the holiday season. Moses is now in charge of media production leading other photographers/videographers to ensure we continue to capture essential moments for the organization.
